## **CORRECTION**

**Yankelevitz DF, Henschke CI, Yip R, Boffetta P, Shemesh J, Cham MD, Narula J, Hecht HS, for the FAMRI-IELCAP Investigators. Second-Hand Tobacco Smoke in Never Smokers Is a Significant Risk Factor for Coronary Artery Calcification. J Am Coll Cardiol Img 2013;6:651-7.**

Please note the following relationships with industry that were missing from the final paper:

Dr. Yankelevitz is a named inventor on a number of patents and patent applications relating to the evaluation of diseases of the chest including measurement of nodules. Some of these, which are owned by Cornell Research Foundation (CRF), are non-exclusively licensed to General Electric. As an inventor of these patents, Dr. Yankelevitz is entitled to a share of any compensation which CRF may receive from its commercialization of these patents.

Dr. Henschke is a named inventor on a number of patents and patent applications relating to the evaluation of diseases of the chest including measurement of nodules. Some of these, which are owned by Cornell Research Foundation (CRF), are non-exclusively licensed to General Electric. Dr. Henschke has renounced all financial benefits from these as of April 2009. Dr. Henschke is also the President of the Early Diagnosis and Treatment Research Foundation, a not-for-profit foundation.

The Journal apologizes for this error.
